Dear Mr Boutry

**White Rock Solar Project (SSD 7487)  
Environmental Management Strategy and Environmental Management Plans**

I refer to your email dated 20 March 2017 seeking the Secretary's approval of the Environmental Management Strategy (EMS) and associated Environmental Management Plans (EMPs) for the White Rock Solar Project.

The Department has reviewed the final versions of the management plans and considers that they meet the relevant requirements of Schedule 3, conditions 5, 9 and 16 and Schedule 4, condition 1 of the project's development consent (SSD 7487). The Department also notes that the plans have been prepared in consultation with the relevant government agencies.

Accordingly, please be advised that the Secretary has approved the **Environmental Management Strategy** (Version 3, dated 28 April 2017) and the following EMPs:

- **Traffic Management Plan** (Version 4, dated 28 April 2017) subject to the provision of written evidence from Roads & Maritime Services (RMS), prior to the commencement of construction, that satisfactory arrangements are in place for the transport of construction related traffic on the Gwydir Highway;
- **Landscaping Plan** (Version 3, dated 28 April 2017); and
- **Chance Find Protocol** (Version 3, dated 28 April 2017)

Please ensure that a copy of the approved EMS and EMPs are placed on your website prior to the commencement of construction, in accordance with Schedule 4 condition 5 of SSD 7487.

Yours sincerely

Clay Preshaw  
**A/ Director**  
**Resource Assessments**  
As nominee of the Secretary
